The silver bear cafe – financial markets

The silver bear cafe keeps its subscribers informed on issues that adversely affect the conservation of capital and strategies to preserve and increase ones financial security.

Financial economics – wikipedia

Financial economics is the branch of economics characterized by a "concentration on monetary activities", in which "money of one type or another is likely to appear on both sides of a trade". its concern is thus the interrelation of financial variables, such as prices, interest rates and shares, as opposed to those concerning the real economy.

The quintessential reading list for finance students

Finance has always been a difficult field to understand, and even more difficult to succeed in. the difficulty is compounded by the proliferation of questionable materials claiming to help anyone be successful and “get rich.”
